3 Chairman's Report

You may be aware that, during March this year, I stood down from the role as Chair of the Suffolk Neighbourhood Watch Association due to family commitments.

My intention is to continue to offer support to the Association, by means of maintaining the SNWA website, general email notifications, and social media communications.

I would like to thank all the Executive Committee for their wonderful support during my term "in office", and to you, our scheme members, whom are the real driving force behind raising awareness of crime issues and helping prevent neighbours from being a victim of crime. Your support of Neighbourhood Watch truly helps bring communities closer together in support of one another.

Like last year, our membership has been fairly stable, which is encouraging given the constraints put in place due to COVID19 restrictions and our lack of attendance at community engagement events.

Since the last AGM, 25 schemes have closed and 22 new schemes joining, meaning overall that there are just over 900 NW schemes registered with our Association.

Projects undertaken by the Executive Committee during the year have been focused on recruiting new area network coordinators, creating a stronger relationship with Town and Parish councils, and to continue developing the event programme.

Naturally, these projects have been limited due to the restrictions caused by the pandemic, but to date, we have made some progress:

- Following an appeal through our website and newsletters, we have had small successes in "recruiting" Area Network Coordinators to fill the number of vacant roles. The role of the Network Area Coordinator is so important for the way in which

schemes can engage at a local level, as they can act as a point of contact, and this in turn provides an efficient and effective way to communicate with the Community Engagement Officers. Members can view Area Network Coordinators from the “Network” page of our website. If your Network Area has a vacant Area Coordinator role, and you are interested in the role, please get in touch with us.

- We have established a connection with the Suffolk Association of Local Councils (SALC) in conjunction with support from the Police and Crime Commissioner - that will now enable us to engage more effectively with councils across Suffolk, and especially those areas currently with no representation of NW.
- To enhance the Event programme, we have been successful in securing funding from NWN to purchase Roller Banners - which can be used by the Association to help promote and support events across the county. It is likely that we will resume attendance at engagement events later in the summer, subject to lifting of restrictions of course.

At National level, the Neighbourhood Watch Network continues to develop it's strategy, with the aim that by 2025 the NWN is seen as the authoritative voice on community based crime prevention, is the most popular gateway for people to engage in their locality, and is a recognised contributor to community health and wellbeing. In order to support these ambitions, Suffolk, along with all other Area associations, will develop the way in which it works with NWN to help achieve these goals.

Since the previous AGM we have taken part in numerous online meetings:

- Executive Committee meetings - [2020] Sept 28th, [2021] 11th Jan, 5th Mar, 19th April, May 17th
- Parish/town Council Project planning meetings - 22nd Sept, 26th Oct [2020] and 1st Feb [2021]
- Bury St Edmunds Network Area group meeting - 18th Nov
- NWN Association Lead Quarterly meetings - 19th October, 26th January,
- NWN AGM 2020 - 24th Nov
- NWN Rural Crime Working Group - 8th Jan 2021

The following comments were recorded online under A.O.B:

1. It is recognised that the Police UK crime categories have limitations and introduce unhelpful grey areas. In particular, the category of 'violence and sexual offences' is a huge category of course and includes a broad range of all sorts of sexual offences and the full range of 'violence against the person' from very minor offences to very serious (incl. murder). Included (and 'hidden') in violence and sexual offences are the very sad incidents of domestic abuse. In my rural Bury St Edmunds Area B 2020 saw a 64% increase in violence and sexual crimes on the previous year and it accounted for 43% of recorded crimes in Area B in 2020; a similar story across the County and Nationally of course with the Covid-19 pandemic being a factor in the huge increase in incidents of domestic violence. To that end, it would help enormously if we could continue to try and influence the Constabulary to in turn influence Police UK to generate a separate Domestic Abuse category if at all possible so that we can present the public with a clearer picture; the current all-encompassing category presents a misleading and arguably overly alarming picture. I appreciate it is a Police UK matter with any input from Suffolk Constabulary but I believe it is in our (SNWA) interest to continue to try and influence improvements to the crime categorisation system. — *Andrew Tucker*
2. I would like to express my appreciation to all who have served on the committee of SNWA over the last year. Your efforts over the year have made it possible for the rest of us to use the NW 'umbrella' to carry out the diverse activities that we have variously undertaken for our communities. Thank you. — *Bob Steel*
3. May I express on behalf of Beccles area coordinators our thanks for all the work the committee do to support Neighbourhood Watch in Suffolk. — *David Bennett*
4. Thank you for all your work. I know from my committee dealings how hard things are. — *David Briggs*

5. Thank you all, Stay well and see you next time — *Ian Crocker*

6. Thanks to all for what they do — *John Sones*
